Subject: Re: Your FOIA Request

Hi Emily,

My apologies, I forgot to add the facility address. It's Aviation Controls, Inc. located at 101 Freedom Drive in Independence, Kansas 67301.

Thank you!

Leah Bennett

Ms. Bennett,

You requested the following information from EPA Region 7:

For business purposes, EHS Support LLC, on behalf of PNC, is requesting records associated with:

- 1) Environmental contamination investigation, remediation, voluntary cleanup participation
- 2) Water, waste, and air records including permits, inspection and notices of violation
- 3) Enforcement actions/orders
- 4) PCB storage records
- 5) Existing and former aboveground and underground storage tanks
- 6) Natural resource damage claims

Is this in regards to a particular facility or property? As written, almost all records ever created by EPA would be responsive. If this is for records in reference to PNC, please include the affected facility/facilities' address(es).

Thank You,

Emily Albano
